“The devil hates the family, because it represents a community of LOVE.”

...EWTN

From: “The Imitation of Christ”

By: Thomas A. Kempis

“On Following Christ Our Model”

No follower of Mine shall ever walk in darkness (John 8:12).....These words of our Lord counsel all to walk in His footsteps. If you want to see clearly and avoid blindness of heart, it is His virtues you must imitate. Make it your aim to meditate on the life of Jesus Christ.

Christ’ teaching surpasses that of all the Saints. But to find this spiritual nourishment you must seek to have the Spirit of Christ. It is because we lack this Spirit that so often we listen to the Gospel without really hearing it. Those who fully understand Christ’s words must labor to make their lives conform to His.

To be learned and able to discuss the Trinity will get you nowhere if you do not have humility, and therefore displease the Holy Trinity. Lofty words neither save you nor make you a Saint; only a virtuous life makes you dear to God. It is better to experience contrition than to be able to define it.

To be well versed in Scripture and all the sayings of philosophers will not profit you if you are without God’s love and His grace. Nothing matters except to love God and to serve Him only. The height of wisdom is to set your goal on heaven by despising the world.

How foolish it is to seek and to put your trust in riches that will pass. How foolish to go after worldly honors to set yourself above others. How foolish to follow the impulses of the flesh, or to covet those things which so soon will cost you a heavy penalty.

How foolish to wish for a long life, but not care whether it is a good life; to be concerned only with the present, with never a thought of eternity and the endless joy that awaits you.

Often think of the proverb: *“The eye is not satisfied with seeing, nor the ear filled with hearing”* (Eccl 1:8). Be determined to detach your heart from the love of visible things, allowing it to center on those unseen.

How Much Do You Care For Your Religious Freedom?

Information concerning the:

“Respect for Rights of Conscience Act”

An attack on religious freedom!

The information is on one side and all the contacts are on the back. **“It is more important than ever that Members of Congress be urged to co-sponsor this measure.”**

Over 60 million practicing Catholics can make a huge difference if **WE** step forward to protect our religious freedom. Action is needed!

From the National Right To Life Org.

By now, you have undoubtedly seen the news that Komen has decided to stop providing grants to Planned Parenthood. As I understand it (from good authority) they have existing contracts with PP that will last for the next 12 months and then no more grants will be provided. I also understand that Komen will remain on the Life Decisions International boycott list until these existing contracts expire, at which time Komen will be removed (assuming its new policy remains intact). Please note that the initial news report is wrong by indicating that the decision was based solely on PP being under investigation. There are other criteria as well that will preclude PP from getting future grants, regardless of the outcome of the Congressional investigation.

Please share this information with your grassroots and urge them to e-mail Komen at news@komen.org with the simple message: **“Thank you for defunding Planned Parenthood”**. As Austin Ruse announced in his e-mail today, Komen has already received more than 2000 negative e-mails about its decision. **We need to FLOOD them with thank you e-mails!**

A Statement from Susan G. Komen Foundation

“Susan G. Komen for the Cure® has never funded human embryonic stem cell research (HESCR) nor does Komen currently fund H-ESCR. Komen supports research on the isolation, derivation, production, and testing of stem cells that are capable of producing all or almost all of the cell types of the developing body and may result in improved understanding of or treatments for breast cancer, but are derived without creating a human embryo or destroying a human embryo.”
