### We Have a Mystery To Solve In Our Church

Some mysterious deep scratches and gouges are appearing on the seats of our pews. We think this must be coming from clothes worn to church. They are only showing up where people sit. The only thing we can think might be causing this would be hard prongs and rhinestones on clothing. Would you, please, help us to address this? We would like our pews to serve us for many more years to come.

### An Important Reminder

The two back pews on each side of the church are to remain for use for parents with infants and toddlers. Sometimes families with little ones come in just a smidge later than others and they need those back four pews. Parents are closer to the cry room/vestibule which makes it easier for them to comfort their fussing babies. We thank you for your cooperation. *(There is always room closer to the front for everyone!)*
