**Finding Community in Our Parish**

In society today, people yearn for community. But often, our extended families live far away, our lives are busy and often divided between demanding jobs and children with demanding schedules. We barely keep up with social media and don't find real community there. We neglect community and suffer from its absence. As Christian stewards, we try to keep our lives Christ centered. We can't do that without community. Our commitment to Sunday Mass at the parish isn't enough to foster deep community there. We need more – and our parish needs more from us.

Select a committee that calls to you, something that you feel passionate about and that could use your skills and commitment. What you will find is not just a chance to serve or grow, but a deepening friendship with people who share your faith and walk on a spiritual journey which demands companionship. **What you find in parish involvement is community.** A faith community is deeper than just the folks around the water cooler or the friends that meet for happy hour. A faith community asks more of us and gives us much more. The perfect place to find this community is in your parish. **Finding a small faith community within the parish strengthens you, it strengthens the parish, and it strengthens the Body of Christ.** Take a fresh look at what your parish offers this fall, and a fresh look at what you have to offer your parish.
