Pro-Life ~ Good News

In 1991, there were 2,176 clinics that performed surgical abortions. According to AbortionDocs.org, there currently are only 574 such clinics, plus an additional 174 abortion-pill-only clinics, and these numbers are declining regularly.

Further, abortionist are aging and not being replaced by young doctors who do not want to deal with public pro-life demonstrations. As a result, 89 percent of the U.S. counties have no abortion clinics, and there is only one provider of surgical abortions in each of the states of North Dakota, South Dakota, Wyoming, Mississippi, and Arkansas. Please keep working & praying!
