For those of you who love to make desserts, here is your chance to show your creative style in making an elegant dessert for the Chocolate Fantasy. Instead of the desserts being on the silent auction as they have in the

past, they will be on the live auction this year. The more unique and fancy the desserts, the better the odds are for higher bids and more proceeds for the school. So come up with something really spectacular that can make this item a huge hit at the auction. Contact Kristen Black if you are interested in making or donating a dessert 208-816-2167.

Where is your heart's treasure?

Every child....brings us God's smile and invites us to recognize that life is high gift, a gift to be welcomed with love and preserved with care always and at every moment. —Pope Benedict XVI

While many today acknowledge the dignity and value of human life *after* birth, they seem to think that ascribing dignity and value to lives *before* birth is a throwback to outmoded religious beliefs, having no place in our modern scientific world. Yet it is science that is proving them wrong. Science shows us the humanity and personhood of children in the womb who, far from being inert and passive tissue, actively direct their own development. A new human being comes into existence at conception, within minutes a one-celled individual called a zygote is formed. Before 24 hours have passed 23 chromosomes from mom and 23 from dad have developed the baby's unique DNA—the entire genetic blueprint and instructions for developing from a single-celled person to an adult. The protein "early pregnancy factor" (EPF), which suppresses the mother's immune response, is detectable in her blood before her child is 24 hours' old. How then can Americans remain indifferent to the killing of these marvelous little boys and girls in fertility clinics, laboratories and in abortion facilities *throughout all nine months of pregnancy?*

January is Sanctity of Life Month.

Have you considered what it really means to believe in the Sanctity of Life?

"The phrase "sanctity of life" reflects the belief that, because people are made in God's image (Genesis 1:26), human life should be protected and respected at all times." www.gotquestions.org

God created us in His image, but sin has corrupted that image. Even though the image is marred, His Image is still present in humanity, and that means human life is always to be treated with dignity and respect. Sanctity of Life are issues like abortion and euthanasia, and while it definitely applies to those issues, it also applies to more. We should combat all forms of evil and injustice; violence, abuse, oppression, are human trafficking just a few.

Sanctity of Human Life is the reason for action. Love for God and mankind is the motivation.
